

# PKI TEARDROP SLURRY TANK

## Exclusive Design

Manufactured by Pacific Kiln & Insulations Co., Inc. (PKI), the teardrop slurry tank is an exclusive product for PKI.

Its unique design prevents excess slurry from settling at the bottom of the tank; which is constructed of heavy molded fiberglass and has a smooth white inside surface. The tank sits in a heavy duty tubular frame that holds it securely in place. The tank may be removed and replaced without any disassembly.

The motor mount is of the same configuration as our PKI economy slurry mixer. Standard mount is a clamp plate that is adjustable up and down.

A 4-way adjustable motor mounting is included with the variable speed mixer system.

The teardrop slurry tank is available in two convenient sizes.

## Teardrop Slurry Tank Specifications\*

| Model  | Capacity (Gallons) | Tank Size      | Approximate Weight | Rec. Mixer |
|--------|--------------------|----------------|--------------------|------------|
| TST-40 | 40                 | 29"dia. x 32"H | 80 lbs.            | 3/4 HP     |
| TST-80 | 80                 | 34"dia. x 35"H | 110 lbs.           | 1 HP       |
